Dear Valued Customer,

Under WBH, Inc. ownership, Aerospace Products Company has experienced great success through the relationships built with your company. On March 17, 2022, our company was acquired by Cuda II, Inc., a growth-oriented local family business with decades of experience in the manufacturing and distribution industries. We are extremely excited about the future of our business, and we look forward to growing our partnership with your company.

What will this mean for you?

Our standard operations are not changing. You can expect to receive the same level of exceptional service that you have come to know from our team. The acquisition does come with a change to the legal entity, but we will continue to do business as Aerospace Products Company. With this change, there will be a change to banking information and potentially payment processing. A separate email will be sent to illustrate the changes to these processes, and we appreciate your support and understanding of these changes.

Under the new ownership, we will be able to improve our customer experience through enhancements to our internal systems and processes to drive efficiencies. These advancements will allow us to provide an increased level of service to you, our valued customer.

If there are any questions, please feel free to reach out to your current contact, or you can reach out directly to our new owner, Jimmy Brown, at jabrownj1@gmail.com.

Thank you for your partnership, and we look forward to continuing to work with you!

Kind regards,

Your Customer Service Team at Aerospace Products Company
